SEP 22 1988

Docket No. 50-454
Docket No. 50-455

Commonwealth Edison Company
ATTN: Mr. Cordell Reed
Senior Vice President
Post Office Box 767
Chicago, IL 60690

Gentlemen:

Thank you for your letter, dated September 13, 1988, in response to our July 29, 1988 letter which described a Fitness for Duty allegation involving two named employees who allegedly experienced alcohol abuse on a frequent and significant basis while working at the Byron Nuclear Generating Station.

Our review of your written response showed that the allegation was not substantiated based upon interviews with the individuals named in the allegation, their supervisors, and their peers. Additionally, the individuals' work and attendance records were reviewed and no deficiencies or problems were noted. We further noted that one of the individuals was also evaluated by your medical staff and Employee Assistance Program representative and determined to be fit for duty. We agree with your conclusion and have no further questions pertaining to this issue.

A copy of this letter and your September 13, 1988 letter, excluding the attachment, will be placed in the Public Document Room as required by 10 CFR 2.790.

Thank you for your assistance in this matter.

Sincerely,

ORIGINAL SIGNED BY C. E. NORELIUS

Charles E. Norelius, Director
Division of Radiation Safety
and Safeguards
