Attention: Dr. J. Nelson Grace, Regional Administrator

Dear Dr. Grace:

SUBJECT: Grand Gulf Nuclear Station
Unit 1
Docket No. 50-416
License No. NPF-29
Notification Letter
AECM-88/0026

System Energy Resources, Inc. (SERI) provided advance notification to the NRC of shipment of nuclear waste as required by 10 CFR 71.97. This notification was made on December 3, 1987 (APO-87/0859). Inadvertently, SERI made this notification using an incorrect letter code. The correct letter code should have been "AECM". SERI is submitting this letter to correct the error. Also notification letters were transmitted to the governments of the states the shipment crossed.

After transmittal of the notification letters, shipment plans were revised. As required by 10CFR71.97 the NRC and the state governments were notified by telephone of the revised information prior to shipment on December 11, 1987. The revised shipment information is listed below.
