Gentlemen:

Subject: Reactor Operator Licensing Examination

During a telephone conversation between Mr. W. Thompson, of your staff, and Mr. L. Briggs, of my staff, on May 17, 1988, some details in our May 6, 1988, letter to you were identified as being in error. The letter pertains to the arrangements required for the June 22, 1988, Reactor Operator License Examination. The following paragraphs should clarify any confusion caused by our letter of May 6, 1988.

The subject heading of the May 6, 1988, letter identified the examination as a Senior Reactor Operator Licensing Examination. The exam will be a Reactor Operator Exam as noted in the heading of this letter.

In regard to the Reactor Operator license application, the facility is requested to submit the application at least two (2) weeks before the examination date, but two (2) months after the date of the final denial letter dated March 31, 1988.

Thank you for your consideration in this matter. If you have any questions regarding the examination procedures and requirements, please contact me at 215/337-5211.

Sincerely,

for Larry E. Briggs
