Re: Petitioner National Whistleblower Center's Request for
Extension of Page Limitation

Dear Mr. Kohn:

Thank you for our conversation this date on the reference request, which was provided to the Office of the Secretary by e-mail. As I stated, 10 CFR Section 2.714a specifies no page limitation on appeals to the Commission. Accordingly, unless you otherwise advise, the need for the Commission to act on the request will be considered moot.

This letter and a copy of the incoming e-mail with attached extension request will be provided to the Service List of the Calvert Cliffs License Renewal proceeding (50-317/318-LR) by e-mail. It will also be served by regular mail this date.

Sincerely,

Emile L. Julian
Assistant for Rulemakings
And Adjudications
