SUBJECT: **Waterford 3 SES**
Docket No. 50-382
Amendment to Technical Specification Change Request NPF-38-73

REFERENCE: W3P88-0160 dated January 28, 1988

Gentlemen:

By the referenced letter LP&L submitted a proposed change to the Technical Specifications for the testing of the log power trip. Attachment A contains the original Technical Specification change request as submitted by the referenced letter.

Based on subsequent discussions with the NRC, LP&L requests a change to the original Technical Specification change request to add a new surveillance requirement. The safety analysis submitted with the referenced letter remains bounding.

Should you require additional information, please contact me or Larry Laughlin at (504) 595-2845.

Yours very truly,

R.F. Burski
