

September 28, 1988

Docket No.: 50-424

Mr. W. G. Hairston, III
Senior Vice President -
Nuclear Operations
Georgia Power Company
P. O. Box 4545
Atlanta, Georgia 30302

Dear Mr. Hairston:

SUBJECT: VOGTLE UNIT 1 - CLARIFICATION OF NUREG-1262

Re: Letter from L. Guwra (GPC) to J. Hannon (NRC) dated January 15, 1988

The NRC staff agrees with your letter of January 15, 1988 except for Item 2 where you state that you will administratively control the activity. A 10 CFR Part 55 licensee must either satisfy the requirements for a complete reactivation of his/her license or must have the license appropriately modified pursuant to 10 CFR 55.16(a). Additionally, action should be taken to appropriately modify any other licenses where necessary, to bring them into compliance with 10 CFR 55.53(f).

It is my understanding that you were previously informed of this NRC position. Contact me if you have any questions.

Sincerely,

JSI

Jon B. Hopkins, Project Manager
Project Directorate II-3
Division of Reactor Projects - I/II
