Subject: Limerick Generating Station, Unit #2
Independent Design and Construction Assessment
File: Govt 1-1

Reference: J. S. Kemper to W. T. Russell dated April 11, 1988

Dear Mr. Murley:

Enclosed for NRC review and approval is Philadelphia Electric Company's (PECo) "Program for the Independent Design and Construction Assessment of Limerick-Unit 2". This submittal provides the additional details of the program as discussed with the NRC Staff on May 24, 1988. PECo understands that the NRC's Division of Reactor Inspection and Safeguards will monitor the assessment process and review the Final Report as part of their evaluation of Limerick Unit 2 design and construction practices. Should you have any questions or require additional information, please do not hesitate to call.

Sincerely,

J. S. Kemper
Sr. Vice President
