SUBJECT: MEETING CANCELLATION - PRESENTATION OF SYSTEMATIC ASSESSMENT
OF LICENSEE PERFORMANCE (SALP) PRESENTATION FOR NORTH ANNA -
DOCKET NOS. 50-338, 50-339

Dear Mr. O'Hanlon:

This letter cancels our meeting which was scheduled for 1:00 p.m. on November 9, 1998, at your facility. The purpose of the meeting was to discuss the SALP for the North Anna Power Station. The Nuclear Regulatory Commission has suspended its SALP program for an interim period until the NRC staff completes a review of its nuclear power plant performance assessment process. Development of an alternate plant performance assessment process is currently ongoing. Final determination on the future of the SALP process will be made while reviewing this alternate assessment process. During the interim period the NRC will utilize the results of its semiannual plant performance reviews to provide plant performance assessment information to you.

Should you have any questions concerning this meeting, please contact me at (404) 562-4550.

Sincerely,

Orig signed by Robert C. Haag
