Dear Sir:

Subject: Oyster Creek Nuclear Generating Station
Docket No. 50-219
Fee Submittal for Technical Specification
Change Request No. 174

On September 28, 1988, GPU Nuclear submitted Technical Specification Change Request No. 174 to the NRC. The \$150.00 check required by 10CFR170.12(c) to pay for the amendment fee was inadvertently omitted from that mailing. Enclosed is the requisite check and a copy of Technical Specification Change Request No. 174 for reference.

If any further information or assistance is required, please call at (609) 971-4893.

Very truly yours,

John J. Rogers
Licensing Engineer, Oyster Creek
