Secretary of the Commission  
Attn: Docketing and Service Branch  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

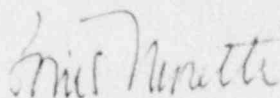

Gentlemen:

I am writing to endorse the proposed "clarification of emergency planning requirements for low power licenses".

I believe the Seabrook nuclear plant should be made operational as soon as possible. It is my understanding the proposed clarification is a necessary step to the timely startup of the plant.

I urge expeditious adoption of this rule.

Sincerely,

Louis Moretti
