Docket No. 50-293

Mr. Ralph E. Bird
Senior Vice President-Nuclear
Boston Edison Company
800 Boylston Street
Boston, MA 02199

Dear Mr. Bird:

SUBJECT: 10 CFR 50.54(p) SUBMITTAL - PILGRIM NUCLEAR POWER STATION, UNIT 1

This is in response to your letter of March 4, 1988, regarding changes to the Pilgrim Nuclear Power Station, Unit 1, Guard Training and Qualification Plan identified as Revision 8.

We have reviewed the information and have determined that portions of that plan change are consistent with the provisions of 10 CFR 50.54(p) and are therefore acceptable. However, as indicated in the enclosure, certain other portions decrease plan effectiveness and are therefore inconsistent with the provisions of 50.54(p). Accordingly, you are to follow your previously approved plan in regard to these items and resubmit corrected plan pages as necessary to maintain plan continuity.

Should you want to pursue changing the security plan with respect to the unacceptable changes set forth in the enclosure, you should resubmit those changes under the provisions of 10 CFR 10.90.

The enclosures to your letter contain Proprietary Information of a type specified in 10 CFR 2.790(d) and are being withheld from public disclosure.

E. D. Sylvester (215-337-5308) is our contact should there be any questions concerning this matter.

Sincerely,

Ronald R. Bellamy, Chief
Facilities and Radiological Safety
and Safeguards Branch
Division of Radiation Safety and
Safeguards
