OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCH

Dear Sir:

This letter is in support of the new rule of the Nuclear Regularity Commission proposal which would clarify the requirements new nuclear power plants must meet before this low-power testing is conducted.

New England needs all the power it can generate and I deplore the action taken by Gov. Michael Dukakas and his henchmen against the Seabrook Station.

Sincerely,

*Oliver M. Turner*
