Sec'y of Commission

ATTN: Docketing + Service Branch  
U.S. Nuclear Regulatory Commission

Washington, D.C. 20555-88 JUN -2 P7:25

Sir:

I am writing to you, <sup>OFFICE OF SECRETARY  
DOCKETING & SERVICE</sup> wishing you to support  
the extremely vital and necessary decision  
for the low power licenses in regard  
to "Seabrook's Station testing."

The day will come when nuclear  
energy will be the only type of power  
used, regardless of what those who  
oppose it have to say.

Respectfully yours,

George Boston
