SAFEGUARDS INFORMATION REMOVED

Gentlemen:

SUBJECT: DOCKET NOS. 50-321 and 50-366

This acknowledges the receipt of your letter of August 12, 1988, which transmitted revisions dated July 1988 to the Hatch Physical Security and Guard Training and Qualification Plans.

Our review of the changes has found most of them to be consistent with the provisions of 10 CFR 50.54(p). Accordingly, they are acceptable for inclusion into the plans. However, three require further clarification as delineated in the enclosure to this letter. This was discussed on September 16, 1988, with Mr. L. Byrnes of your staff and Ms. C. Perny of this office.

The enclosure to your letter is being withheld from public disclosure because it contains Safeguards Information and must be protected in accordance with the provisions of 10 CFR Part 73.21.

The material enclosed herewith contains Safeguards Information as defined by 10 CFR 73.21 and its disclosure to unauthorized individuals is prohibited by Section 147 of the Atomic Energy Act of 1954, as amended. Therefore, the enclosure will not be placed in the Public Document Room.

Should you have any questions concerning this letter, we will be glad to discuss them with you.

Sincerely,

*W*  
William E. Cline, Chief  
Nuclear Materials Safety and  
Safeguards Branch  
Division of Radiation Safety
