

DOCKET NUMBER
PROPOSED RULE PR 50 92
(53 FR 16435)

271 Homestead Road

Millerton,

OFFICE OF
DOCKETING & SERVICE
BRANCH
Please let me assure you that I am
in support of the NRC proposed
"clarification of emergency planning
requirements for low power licenses"

This is a sensible rule. Please
do not be affected by the opponents
of the Seabrook Station in their
efforts to exploit the ambiguity of
the current rule to stop the plant
from opening. These people have
done enough damage in their
unsubstantiated statements al-
ready. New England needs all
the power it can generate and
this means Seabrook's operation!

Sincerely

Ray K.A. Yorkman P.E.
