DOCKETING & SERVICE  
BRANCH

May 26, 1988  
15 Walnut Ave.  
Hampton, N.H.  
03842

Secretary of the Commission  
Docketing & Service Branch  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Ref: Comment on proposed rule change -  
requirement for low power testing

Gentlemen:

I am in favor of removing this  
requirement which is an impediment  
to licensing Seabrook Station. I would  
like to see Seabrook Station licensed  
as soon as possible.

Sincerely,  
Mary E. Chick
