Docket No. 50-341

The Detroit Edison Company
ATTN: B. Ralph Sylvia
Group Vice President
Nuclear Operations
6400 North Dixie Highway
Newport, MI 48166

Gentlemen:

This is to inform you that the NRC intends to perform a team inspection of your Emergency Operating Procedures at the Fermi site on July 5 through July 15, 1988, and to request your assistance in accomplishing this task. The scope of the inspection will focus on; procedural adequacy, training and staff capabilities to implement these procedures. Each inspection team will consist of approximately five members providing expertise in different areas. The team leaders will be contacting you at a later date about the exact details of the inspections and the required procedures they will need prior to the start of the inspection.

If you have any questions concerning this effort, please contact Jim Konklin (301-492-0953) or C. Haughney (301-492-0967) at our Washington office.

Sincerely,

for William L. Stoney
