Gentlemen:

SUBJECT: REQUEST FOR INFORMATION

In order to facilitate an inspection of quality assurance (QA) effectiveness at the Crystal River facility, NRC, Region II, requests that you forward the following information for our review:

Copies of all audits and audit findings conducted by quality programs audit personnel started or completed from January 1, 1985 to February 1, 1986. Audit checklists and those audits that identified findings that did not require a written reply need not be included.

Copies of all surveillances and surveillance findings by site QA personnel started or completed from January 1, 1985 to February 1, 1986.

If you have any questions regarding this request, please contact G. A. Belisle at (404) 331-5596.
