

May 17, 1988

NOTE TO: William F. Kane, Director, Division of Reactor Projects  
FROM: Jay M. Gutierrez, Regional Counsel  
SUBJECT: SEABROOK - ALLEGATIONS OF WRONGDOING

By memo dated March 1, 1988, C. White transmitted allegations of wrongdoing to you relative to Seabrook (Enclosure 1). After the May 11, 1988 public meetings on Pilgrim, Stephen B. Comley, the allegor, approached me and inquired as to the status of his allegations. The gist of his concern appeared to be that he brought his allegations to DOJ in January 1988, and Comley has not yet been contacted by Region I. The purpose of this note is to (1) make you aware of the allegor's inquiry, and (2) to assure that the allegations are addressed in accordance with regional procedures.

  
Jay M. Gutierrez  
Regional Counsel
