

June 6, 1988

Docket No. 50-443

Mr. Robert J. Harrison
President & Chief Executive Officer
Public Service Company of New Hampshire
Post Office Box 330
Manchester, New Hampshire 03105

Dear Mr. Harrison:

SUBJECT: FULL SCALE EMERGENCY PREPAREDNESS EXERCISE SCHEDULE FOR SEABROOK STATION

By letter of April 21, 1988, Mr. G. Thomas, Vice President-Nuclear Production, New Hampshire Yankee Division, requested that the Seabrook Station full scale emergency preparedness exercise be scheduled for the week of June 26, 1988.

Mr. Thomas noted that the logistics of making revisions to the emergency plans, modifying the training modules, scheduling training sessions and drilling to the revisions made can be a lengthy process. The additional time gained by scheduling the exercise for the week of June 26, 1988 will ensure that any revisions made as a result of the Federal Emergency Management Agency (FEMA) review of the emergency plans can be effectively implemented before the exercise.

We have reviewed your request and T. Martin of the NRC discussed it with R. Krimm of FEMA on June 2, 1988. FEMA and the NRC are prepared to support the schedule for the week of June 26, 1988.

Questions or additional information regarding this matter should be directed to the Seabrook Project Manager, Mr. V. Nerses (301-492-1441).

Sincerely,

Original signed by:

* In a telecon between T. Martin and R. Krimm (FEMA) on 6/2/89, Krimm told Martin that FEMA is prepared to support the Seabrook exercise scheduled for the week of June 26, 1988 and that Martin should inform the utility. Martin requested and Krimm agreed to provide a memo ASAP indicating the FEMA support.
