Non-Power Reactors & Decommissioning Project Directorate  
Division of Reactor Program Management  
Office of Nuclear Reactor Regulation  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555-0001

Dear Mr. Michaels,

As we discussed yesterday I have verified with the Manhattan College Provost, Dr. Weldon Jackson, that he second \$30,000 deposit has been made to the reactor decommissioning fund as described in his letter to you of July 16, 1998.

In addition, the statement regarding release of material from the facility in section 3.2.2 of the Decommissioning Plan (pg.22) should read as follows:

Equipment and material will only be released for unrestricted use if it contains no detectable licensed radioactive materials when surveyed with appropriate equipment and instrumentation.

If there are any further questions that need to be addressed with regard to the Decommissioning Plan I may be reached at (914) 962-3756 or (718) 862-7147 (on campus).

Sincerely,
