SUBJECT: Request for Limerick Generating Station
Emergency Operating Procedures

Dear Mr. Gallo:

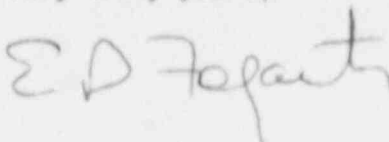

This letter is to assure that on September 29, 1988, a package containing controlled copies of the Limerick Generating Station Emergency Operating Procedures (EOPs) was delivered to the regional office. These procedures were delivered to the NRC Region I office in response to a letter dated August 2, 1988, from W. T. Russell to C. A. McNeill, Jr. (PECo). The following items were included in the package and comprise the Limerick Generating Station EOPs:

1. Operational Transient (OT) Procedures
2. Off Normal (ON) Procedures
3. Transient Response Implementation Plan (TRIP)
 - a) Symptom Based Flow Chart Procedures (T-100 series)
 - b) Narrative Emergency Procedures (T-200 series)

Please complete the receipt acknowledgement form enclosed with the package and return to the indicated address within ten (10) days to ensure compliance with the Station's Administrative procedures for controlled documents.

If you have any questions or require additional information, please do not hesitate to contact us.

Very truly yours,

Enclosure
