Joleso Edison Co
and
U.S. N.R.C

Docket # 50-346-ML

OFFICE OF SERVICE
DOCKETING & RECORDS
BRANCH

DOCKET NUMBER
PROD. & UTIL. FAC. 50-346-ML

In my original petition to intervene, my residence was established as 53 miles from Davis-Besse Nuclear Plant, contiguous along Shore Line of Lake Erie.

Former Commissioner Ahern's ruling (living within 50-60 miles is sufficient to establish standing because we infer a health and safety interest from that proximity.)

It has been established that Davis-Besse Plant is on land owned by Joleso-Edison as indicated in the Federal Register Vol 50 page number 41265, and within the jurisdiction of the State of Ohio, (10th Amendment of the Constitution of the United States)

I, allege that injury will probably result within the zone of interest protected by the statute.

Joleso-Edison, owners of the land of Davis-Besse Plant, denying my petition to intervene, violates my Constitutional right under the 1st Amendment of the Constitution of the United States.

To deny my basic rights is a violation of my rights ~~but~~ under the 9th Amendment of the

Constitution of the United States.

I, hereby petition the N.R.C., to repeal the
denial to intervene given to Toledo Edison.

Respectfully
