OWEN J. ROBERTS TASK FORCE
FOR DEVELOPMENT OF
SCHOOL EMERGENCY PLANNING GUIDELINES

*This is the same
as one attached
to Limerick Survey.*

TO: All Teachers of the Owen J. Roberts School District
FROM: Task Force For Development of School Emergency Planning Guidelines
RE: Resource Survey
DATE: May 11, 1983

A citizens' task force of the Owen J. Roberts School District is currently in the process of preparing a Radiological Emergency Response Plan (RERP). This plan is necessary because all of our schools are in the 10-mile radius Emergency Planning Zone (EPZ) of the Limerick Nuclear Power Plant. Procedures for sheltering and evacuating students are included in the plan. Teachers of the School District will be asked to supervise students during emergency situations which may require sheltering within the building or evacuating school students on buses to a host school outside of the EPZ. An evacuation of school students will be followed by an order to evacuate the entire population from the 10-mile EPZ surrounding Limerick.

In addition to the threat of a nuclear accident at Limerick, a good Emergency Plan will also be useful in the event of any emergency situation which might occur at or near our schools. Toxic waste spills, fires, floods, etc., may occur at any time and we should be prepared for such emergencies.

A task force of concerned citizens in the Owen J. Roberts School District has been commissioned by the School Board to develop School Emergency Planning Guidelines for all emergency situations. This task force has reviewed several drafts of the Emergency Response Plan and has made recommendations for improving the plan to best meet the needs of the students in the Owen J. Roberts School District. Final recommendations regarding emergency procedures and operational details will be made by the task force and reviewed by the School Board for approval. In addition, training sessions to inform staff of the plan and emergency procedures will be provided during the 1983-84 school year.

A subcommittee of this task force has been asked to survey our District teachers to determine the extent of their commitment to providing services during emergency situations. Attached to this communication is a brief questionnaire which will assist the task force in completing that goal. Please complete this questionnaire as thoughtfully as possible to assist the subcommittee of the task force. We would ask that all completed questionnaires be returned to the Citizens' Task Force for Emergency Planning, in care of the school secretary by May 27, 1983.

TEACHER QUESTIONNAIRE

Please read each of the following questions carefully and answer with sincerity. We would welcome any comments you have concerning any aspect of the topic of emergency preparedness.

I. Personal Data: (This entire section is optional)

Name: _____
Zip Code of Home Address: 47707
Number of Children at Home: 0
Ages of Children at Home: _____

Do you currently have employment other than Owen J. Roberts School District?

Yes _____ No

If yes, indicate location: _____

Hours: _____

Married
Single _____
Widowed _____

Comments: _____

II. Radiological Emergency

A. In the event of a nuclear accident at the Limerick Power Generating Station which requires student sheltering in the schools and/or delayed dismissal:

1. I will complete emergency assignments as required for student supervision and safety in accordance with the Emergency Response Plan of the Owen J. Roberts School District.
2. _____ I will not complete emergency assignments as required for student supervision and safety.
3. _____ Undecided.

COMMENTS: _____

B. In the event of a nuclear accident at the Limerick Power Generating Station which requires student evacuation from the schools and delayed dismissal:

1. I will complete emergency assignments as required for student supervision and safety in accordance with the Emergency Response Plan of the Owen J. Roberts School District.
2. _____ I will not complete emergency assignments as required for student supervision and safety.
3. _____ Undecided.

COMMENTS: _____

III. Emergency Situations Other Than Nuclear Accident

A. In the event of an emergency situation (Other than nuclear accident), such as toxic waste spill, flood, fire, etc., which requires student evacuation and delayed dismissal:

1. I will complete emergency assignments as required for student supervision and safety in accordance with the Emergency Response Plan of the Owen J. Roberts School District.
2. I will not complete emergency assignments as required for student supervision and safety.
3. Undecided.

COMMENTS: _____

In the event of an emergency situation which requires evacuation, all personnel having a Class 2 Driver's License may be authorized to drive a school bus if necessary.

Please indicate the class of your Pennsylvania Driver's License:

Class 1
