Dear Sir:

Subject: Revision No. 12 to the Vermont Yankee Physical Security Plan

The purpose of this letter is to provide you with the enclosed revision to the Vermont Yankee Physical Security Plan. This revision, which is provided as Attachment A, reflects 1) the recent name change of the Administration Department to the Plant Services Department and, 2) the incorporation of the Technical Services Superintendent into the organizational structure responsible for administering our Security Program.

We have reviewed this revision against the provisions of 10 CFR 50.54 (p) and have determined that this change does not decrease the safeguards effectiveness of the Security Plan. Therefore, prior NRC approval of this change is not required.

Both the Security Plan and Attachment A to this letter are considered SAFEGUARDS INFORMATION, and as such, are to be withheld from public disclosure in accordance with the provisions of 10 CFR 73.21.

As required by Vermont Yankee's procedures for the control of SAFEGUARDS INFORMATION and Section 13.8 of our Security Plan, we have enclosed a Document Custody Form and Change Transmittal Form for each copy of the Plan change. We request your cooperation in assuring that these forms are properly filled out and returned to us promptly.
