Dear Mr. Asselstone:

This letter is in reference to a petition circulated this past week by our local teachers association in response to the proposed evacuation plan in the event of an emergency condition at Seabrook Station Nuclear Power Plant.

The teachers of Exeter refuse to be responsible for the evacuation of school children as described in the current plan. Furthermore we do not find that the present evacuation plan is workable or acceptable.

I am willing to meet with you to discuss this issue.

Sincerely,

Roxanne Wazlaw
