

OCT 26 1988

Office of the Selectmen  
ATTN: Ms. Alba C. Thompson  
Chairman  
11 Lincoln Street  
Plymouth, Massachusetts 02360

Dear Ms. Thompson:

This acknowledges your letter of September 27, 1988, in which you discussed the Board of Selectmen's concerns regarding the proposed restart of the Pilgrim Nuclear Power Station.

Because the thrust of your concerns deals with the ongoing status of the emergency preparedness program in the Pilgrim Emergency Planning Zone, I have forwarded your letter to Dr. Thomas Murley, Director of the NRC's Office of Nuclear Reactor Regulation, so that he may have the benefit of your views.

Thank you for your continued interest in this matter.

Sincerely,

**ORIGINAL SIGNED BY**

Samuel J. Collins, Deputy Director  
Division of Reactor Projects
