Docket Nos. 50-424 and 50-42502

Gentlemen:

By its May 12, 1986 "Memorandum and Order (Ruling On Motion For Summary Disposition of Intervenor's Contention EP-1/EP-1(a)/EP-2(b) (24-hour Staffing of Burke County ENN

Link)), " the notification to Burke directed that certain changes accurately reflect those provisions that the Staff and FEMA verify those plan 1986.

As explained in Applicants' May 13, 1986 letter to the Licensing Board, state and local emergency management officials have indicated that the next full revision of the state and local plans for the Vogtle EPZ is presently scheduled for early Fall 1986. Nevertheless, the officials have agreed to provide revisions of the subject sections of the Burke County Plan to FEMA and the NRC Staff in accordance with the Board's order. Thus, the specific revised sections of the plan which accurately identify the back-up means of notification and indicate the line of succession of EMA personnel will be provided to the Staff and FEMA by July 1, 1986. These arrangements will enable FEMA and the Staff to complete their review of the specific changes in accordance with the Board's order.

Applicants trust that the special arrangements of the state and local officials, described above, satisfy the intent of the Board's order. Of course, the identified changes also will be reflected in the full plan revisions scheduled for early Fall.

Sincerely,

Bruce W. Churchill
