Dear Sir:

The Armed Forces Radiobiology Research Institute (AFRRI) will conduct an annual emergency drill on 5 November 1998. The drill will consist of a simulated incident requiring activation of AFRRI's emergency response team and possible evacuation of the building. You are cordially invited to attend the pre-drill meeting and the drill itself.

This drill will involve internal AFRRI emergency response assets as well as external assets from the National Naval Medical Center.

We will conduct a meeting for all controllers and evaluators at 1300 on 2 November 1998 in the Reactor Conference Room.

If you have any questions, please call the Reactor Facility Director, Mr. Stephen I. Miller or MAJ Kenneth L. Wrisley at (301) 295-1290. Thank you for your interest in this important exercise.

ROBERT R. ENG
