Mr. Carlton Kammerer, Director
Office of Congressional Affairs
Nuclear Regulatory Commission
1717 H Street, N. W.
Washington, D. C. 20555

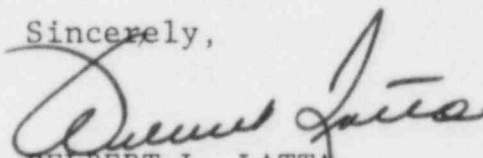

Dear Mr. Kammerer:

Enclosed is copy of a letter I have received from Mrs. Marjorie J. Lacy, Oak Harbor, Ohio 43449, regarding the dumping of radioactive sludge into Lake Erie.

I would appreciate having the benefit of your comments on this matter.

With best regards, I remain

Sincerely,

DELBERT L. LATTA
Representative to Congress

Re: Area For Dumping Low Radioactive Slugs, Etc.

Dear Honorable Latta:

I am greatly concerned about this area to be used by Davis-Bessie which is situated within a mile or so from Lake Erie and would greatly effect every lives in Lake Erie area, such as water intake by Toledo, Cleveland and municipalities, etc.

In this same area - within a mile or so, the Ottawa County Health Board denied applications for new septic tanks due to high water table. As Carroll resident, I wondered if all official authorities know about this?

One may ask, "Does Ottawa County Health Board have double standard?"

Furthermore, the floods of '73 and '74 completely covered this area. The Toussaint River and Lake Erie was one body of water.

Your help in this matter would be greatly appreciated. I understand final NRC meeting to be held 15 April 1986 on this matter.

Sincerely,

MARJORIE J. LACY

P. W. I AM HAPPY YOU ARE BACK IN THE SADDLE ONCE AGAIN.
Kindly overlook my errors above as I do not see to well. When I try to make it perfect for someone like you, I never get it done - simply make more. Thanks!
