Docket No. 50-142

George E. Lear, Chief, Operating Reactors Branch 3, OR

RESPONSE TO TECHNICAL ASSISTANCE REQUEST, UNIVERSITY OF CALIFORNIA  
AT LOS ANGELES, REVIEW OF SECURITY PLAN

Licensee: UCLA  
Branch and LPM: ORB-3, D. Jaffe  
Review Branch: IS&EP:PM (QAO #9103)  
Requested Completion Date: None  
Review Status: Complete

We have reviewed the requested change to the licensee's security plan as submitted by their letter dated April 1, 1976. The change consisted of a resubmittal of the text of the security plan plus two revised figures. We find that the security plan, as submitted, acceptably meets the requirements of 10 CFR 50.34(c) and 10 CFR 73.40. An evaluation finding which has been withheld from public disclosure, is available in the IS&EP Branch security files.

The approved plan now consists of documents from UCLA submitted by letters dated June 20, 1975, July 15, 1975, October 21, 1975 and April 1, 1976, excluding Appendix B to the letter of April 1, 1976.
