

MEMORANDUM TO: Those on Attached List

FROM: John T. Greeves, Director
Division of Waste Management, NMSS

SUBJECT: REVIEW OF THE DRAFT REGULATORY GUIDE DG-1078,
"STANDARD FORMAT AND CONTENT OF LICENSE TERMINATION
PLANS FOR NUCLEAR REACTORS," AND "STANDARD REVIEW PLAN
FOR EVALUATING POWER REACTOR LICENSE TERMINATION
PLANS"

I have attached a copy of draft Regulatory Guide DG-1078, "Standard Format and Content of a License Termination Plans for Nuclear Reactors", and a copy of the "Standard Review Plan for Evaluating Power Reactor License Termination Plans" for your review and comment. The staff developed the draft guide and standard review plan (SRP) to ensure that the license termination plan adequately addresses the requirements in 10 CFR 50.82(a)(9) and 10 CFR Part 20, Subpart E. In addition to DG-1078 having been previously issued to you for comments in December 1997, and your comments addressed, DG-1078 was issued for public comments on April 4, 1998. The public comment period closed on June 30, 1998 and we received only minor comments. We have also address all comments that you provided on the draft SRP. I am providing you an additional opportunity to comment on DG-1078, and the SRP before issuing these documents. I am requesting your comments by November 20, 1998.
