

June 13, 1988

Docket Nos. 50-277/278

Mr. William M. Alden
Director, Licensing
Philadelphia Electric Company
2301 Market Street
Philadelphia, Pennsylvania 19101

Dear Mr. Alden:

SUBJECT: OFFSITE DOSE CALCULATION MANUAL, REVISION I
(TAC NOS. 67134, 67135)

Philadelphia Electric Company's (PECo) letter of March 8, 1984 provided an Offsite Dose Calculation Manual, Revision 0, for the Peach Bottom Atomic Power Station. The staff's letter of June 9, 1987 documented its acceptance. PECo's letter of August 28, 1987 submitted a complete copy of Revision I to the ODCM. The changes incorporated in Revision I have been reviewed and found to consist entirely of typographical corrections and therefore do not change the results of the technical evaluation contained in our letter of June 9, 1987.

Sincerely,

/s/

Robert E. Martin, Project Manager
Project Directorate I-2
Division of Reactor Projects I/II
Office of Nuclear Reactor Regulations
