Date: Friday, May 01, 2020 3:11:00 PM

Dear Mr. McConahy,

We have reviewed your amendment request dated March 30, 2020 for NRC License No. 21-25931-01 for Michigan Wireline Services.

In the letter, the licensee provided that two sealed sources GNI, Inc. Model 71-1 were destroyed and consolidated into one Gammatron, Inc. Model AN-HP. In a telephone conference between you and me on May 1, 2020, you stated that you transported and transferred two intact GNI, Inc. Model 71-1 sources to Gammatron, Inc. in Houston, Texas. Gammatron Inc. made a sealed source Model AN-HP and transferred it to you to use under your license.

Please provide a copy of the record that two sealed sources GNI, Inc. Model 71-1 were transferred and received by Gammatron Inc. and the last leak test of the sealed sources.

Please provide a response in writing with signature and date by June 1, 2020. In order to proper handling of correspondences in our office, please reference Mail Control No. 618618 in the response.

You could fax the response to 630-515-1078 or email to me.

If you have any question regarding the above, please contact me at 630-829-9623 or reply to this email.

Sincerely,

Frank Tran
