

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

July 9, 2020

Mr. Sean Patterson, Manager  
Regulatory Affairs  
Honeywell Metropolis Works  
Honeywell International, Inc.  
2768 North U.S. 45 Road  
P.O. Box 430  
Metropolis, IL 62960

SUBJECT: APPROVAL OF HONEYWELL METROPOLIS WORKS TRIENNIAL UPDATE TO THE DECOMMISSIONING FUNDING PLAN (CAC/DOCKET NUMBER/EPID 000224/04003392/L-2019-DDP-0000)

Dear Mr. Patterson:

We have reviewed your updated decommissioning cost estimate (DCE) submitted by letter dated January 4, 2019 (Agencywide Documents Access and Management System [ADAMS] Accession No. ML19008A046) and supplemented by responses to a request for additional information dated November 4, 2019 (ADAMS Accession No. ML19294A121). An updated version of the DCE was submitted on June 1, 2020. We approve the updated estimate for the cost of decommissioning. Specifically, we find that the cost estimate is based on reasonable and documented assumptions, and that it reasonably estimates the cost, at this time, to decommission the facility, if necessary. Accordingly, the U.S. Nuclear Regulatory Commission (NRC) considers that the Honeywell 2019 DCE satisfies the requirements of 10 CFR Paragraph 40.36(d)(2). As per 10 CFR Paragraph 40.36(e), Honeywell shall submit, within 30 days, a financial instrument reflecting the approved dollar amount. The financial instrument submitted must be a signed original or signed original duplicate, except where a copy is specifically permitted.

Your submittal was assigned Enterprise Project Identifier (EPID) L-2019-DDP-0000. The EPID is considered **CLOSED**. The staff's safety evaluation report is enclosed.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from ADAMS. The ADAMS database is accessible from the NRC Web site at: <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

The enclosure transmitted herewith contains proprietary information. When separated from the enclosure this document is decontrolled.

S. Patterson
