G NRC-2018-0052, the proposed plan for storage of spent nuclear fuel and waste seems suicidal to me. The scientists can point out all of the technical problems – and many have already in other comments – but as a taxpayer, I am OUTRAGED that you want to spend my tax dollars for this unsafe, inadequate, and stop gap measure. Please do NOT proceed with this plan! Karen B. Holden, kbhkbh.holden@gmail.com
