Subject: Remote Inspection

Discussion: (10:10) I spoke with Mr. Zhou about the company's ability to support a remote inspection. Mr. Zhou stated that he was currently working at a job site and wanted to know what a remote inspection entailed. I described the list of documents that the NRC would need to be sent and what activities could be viewed by Skype or some other method. Mr. Zhou stated that he was often in the field and could not support a remote inspection. He requested that he be informed of when an inspector would visit the company so that a mutually agreed on time could be arranged. He informed me that he would be on vacation through the first two weeks of July.
