Dear Mr. Reichard:

Milone & MacBroom, Inc. (MMI) has received your correspondence dated July 2, 2020, requesting additional information for the renewal of License Number 06-31408-01. Below please find responses to each question listed in your letter.

1. Item 5: Radioactive Material

- a. The current license authorizes the use of Ra-226. Please specify if the C-300 gauge in possession contains only Ra-226 and/or other radionuclides.

**Response: The C-300 gauge in possession contains only Ra-226.**

- b. The application lists radionuclides Am-241:Be and Cs-137. Please indicate if the intent is to add these radionuclides to the license.

**Response: It is not our intent to add these radionuclides to the license.**

- c. In your application you list Seamans models C-200 and C-75. Please indicate if the intent is to add the C-200 and C-75 along with the radionuclides for those gauges and the possession limits.

**Response: It is not our intent to add C-200 nor C-75 to our inventory. These were inadvertently left on the renewal application and we apologize for the confusion.**

- d. The current license authorizes possession of 11 millicuries total of Ra-226. Please indicate if the intent is to keep 11 millicuries as the maximum possession amount.

**Response: It is our intent to keep 11 millicuries as the maximum.**

2. Item 10.3 – State the following: "We will develop, implement, and maintain procedures for ensuring accountability of licensed materials at all times."

**Response: We will develop, implement, and maintain procedures for ensuring accountability of licensed materials at all times.**

If you have any questions or concerns, please feel free to call me at (203) 271-1773 to discuss.

Very truly yours,

MILONE & MACBROOM, INC.
