INVESTIGATION REPORTS 4-2016-022 AND 4-2017-023

Dear Dr. Bilger:

This letter acknowledges receipt of Reed College's letter from Mr. Stephen G. Frantz, Interim Reactor Director, dated June 10, 2020 (Agencywide Documents Access and Management System Accession No. ML20162A190). In the letter, Mr. Frantz notified the U.S. Nuclear Regulatory Commission (NRC) that Reed College had completed the required actions under confirmatory order (CO) EA-19-071.

The NRC appreciates Reed College's prompt attention in addressing the corrective actions agreed to during the alternative dispute resolution mediation held earlier this year. However, please recognize that the CO remains a part of Renewed Facility Operating License No. R-112, and that all actions required under the CO, including any ongoing obligations, are subject to inspection by the NRC.

Should you have questions concerning the CO, you may contact Mr. Travis Tate, Chief, Non-Power Production and Utilization Facilities Oversight Branch, at (301) 415-3901.

Sincerely,

/RA BSmith for/
