## General Comment

To Whom It May Concern,

I am strongly opposed to this and any proposed rule that gives exemptions to landfill operators to receive nuclear waste in regular and hazardous waste sites. We should not be endangering the health and safety of Idahoans by by-passing long standing licensed dump requirements to allow for cheaper disposal and transfer of waste from nuclear power plants into Idaho and other dumps across the country.

I urge you to abandon this rule change to protect Idaho and Idahoans.

Thank you.

Theresa Kaufmann
