Attention: Jonathan Pfingsten

Re: Request of Change in RSO
Soil Consultants Engineering, LLC.
License Number: 45-15200-04

Dear: Mr. Pfingsten

Soil Consultants Engineering (SCE). would like to request an amendment to our above referenced nuclear license. On February 24, 2020 our registered RSO Mr. James Klix was relieved of the RSO position and has retired from SCE. From February 24, 2020 to present, Ms. Jessica Hinton has assumed the responsibilities of the RSO position for the company and has successfully completed the necessary training of the Nuclear Gauge Certification from Nuclear Gauge Training Online, in accordance with Nuclear Regulatory Commission and current U.S. Department of Transportation regulations. Attached to this letter you will find a certificate that states the successfully completion of the above referenced training.

If there are any questions or concerns in regard to the request of change to our license, please feel free to contact me or our office at 703-366-3000 for clarification.

Sincerely,

A handwritten signature in black ink that reads "Douglas S. Smith". The signature is written in a cursive style with a large initial "D".

Re: Request of Change in RSO and Company Name
Soil Consultants Engineering, LLC.
License Number: 45-15200-04

Dear: Michael Reichard

Soil Consultants Engineering (SCE). would like to request amendments to our above referenced nuclear license. On February 1, 2019 our registered RSO Mr. Joseph Barbeau was relieved of the RSO position and has retired from SCE. From February 1, 2019 to present, Mr. James Klix has assumed the responsibilities of the RSO position for the company and has successfully completed the necessary training of the Nuclear Gauge Certification from Nuclear Gauge Training Online, in accordance with Nuclear Regulatory Commission and current U.S. Depart of Transportation regulations. Attached to this letter you will find a certificate that states the successfully completion of the above referenced training.

Also, SCE would like to request an amendment for a simple name change of the company. Previously the name was Soil Consultants Engineering, Inc., from February 1, 2019 onward, the name will be Soil Consultants Engineering, LLC. All contact information and company structure will remain the same as will the names of the individuals using the gauges.

If there are any questions or concerns in regards to the request of change to our license please feel free to contact me or our office at 703-366-3000 for clarification.

Sincerely,

A handwritten signature in black ink that reads "Douglas S. Smith". The signature is written in a cursive style with a large initial 'D'.

APNGA Portable Nuclear Gauge Safety & U.S. D.O.T. Hazmat Certification Class

Certificate of Completion to:

Jessica Hinton

HAZMAT refresher training is required within 3 years after today's date:

September 9, 2019

This course covers training criteria of NUREG 1556. The Agreement States,
and 49 CFR 172, Subpart H.

The Company RSO completes the training requirements by familiarizing the employee with:

- State specific regulations including introduction to the state regulatory website
- The company radiation safety program, specifically gauge safety operating and emergency procedures
- A tour of storage area with emphasis on security, documents and postings
- Loading, security and transporting gauges in company vehicles
- Hands-on training with the gauge and methods in use by the company
- Introduction to gauge safety content on gauge manufacturer website
- Certificate covers both Gauge Safety and USDOT HAZMAT requirements

The acknowledgement and signature of the RSO/Official makes the training and certificate relevant and valid.
