Docket No.: 50-344

Mr. David W. Cockfield  
Vice President, Nuclear  
Portland General Electric Company  
121 S.W. Salmon Street  
Portland, Oregon 97204

Dear Mr. Cockfield:

SUBJECT: GENERIC LETTER 88-03, "STEAM BINDING OF AUXILIARY FEEDWATER PUMPS"  
(TAC NO. 67284)

On February 17, 1988, Generic Letter 88-03 was issued and requested all licensees of operating PWRs and holders of construction permits for PWRs to confirm that appropriate procedures are in place, and will be maintained, to minimize the occurrence of steam binding of the auxiliary feedwater (AFW) system each shift during times when the system is required to be operable, and recognizing steam binding and restoring the AFW to operable status should steam binding occur.

Your response dated May 24, 1988 confirmed that you have in place, and will maintain, the necessary procedures. Thus, your response to Generic Letter 88-03 is satisfactory and no further action is necessary.

Sincerely,  
original signed by

Terence L. Chan, Project Manager
