

AFFIDAVIT

My name is Judith Appleton. I reside at 108 Morgan St. Oberlin, Ohio 44074. I have been a member of the Western Reserve Alliance since 1980. I live about forty miles from the Davis-Besse Nuclear power plant.

I am very much concerned about Toledo Edison's and the NRC's plans to create a "low-level" burial site at the Davis-Besse nuclear power plant site. I feel that this will impact on the water and the environment which I use. I contend that I could be injured by such action.

I am also a member off the Nature Conservancy, Ohio Chapter. This group has been formed to maintain, protect and replenish wildlife areas, like those parks next to the Davis-Besse nuclear plant. I feel the parks in the area around the plant that are used by myself and my friends and that Western Reserve Alliance and the Nature Conservancy want to remain free from radioactive pollution will be damaged by radiation by this proposed burial site.

As a member of the Western Reserve Alliance I fully support its attempt to stop the burial of low level waste at the Davis-Besse site because it will cause injury to me and my interests.

I certify that the above is true and accurate.
