SUBJECT: REGULATORY HISTORY FOR 10 CFR PART 55

Attached is a table summarizing the documents that comprise the Regulatory History for the final rule entitled "Initial Licensed Operator Examination Requirements (10 CFR Part 55)." This rulemaking amends the Commission's regulations in 10 CFR Part 55 to permit reactor facility licensees to prepare their own initial operator licensing examinations subject to NRC review and approval; no other parts are affected. The notice was published in the *Federal Register* on April 23, 1999 (64 FR 19868).

The attached table lists the applicable documents in chronological order, provides an accession number for those documents that are already in NUDOCS, and indicates which documents have been transmitted to the public document room (PDR).

Copies of those documents that are not yet in NUDOCS or the PDR are attached for processing.
