Gentlemen:

This refers to the inspection conducted by Mr. J. E. Bess of this office during the period March 31 through May 2, 1986, of activities authorized by NRC Construction Permits CPPR-128 and CPPR-129 for South Texas Project, Units 1 and 2, and to the discussion of our findings with members of your staff at the conclusion of the inspection.

Areas examined during the inspection included the review of records pertaining to the receipt and installation of electrical equipment, nonconformance reports, design changes, audits, construction testing records, and QC personnel qualification records. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspector. The inspection findings are documented in the enclosed inspection report.

Within the scope of the inspection, no violations or deviations were identified.

Should you have any questions concerning this inspection, we will be pleased to discuss them with you.

Sincerely,

Original Signed By
