EVALUATION REPORT OF  
THE OPERATIONAL CAPABILITY DEMONSTRATIONS  
FOR

RFP NO. ARM-88-231  
"ELECTRONIC PUBLISHING SYSTEM"

The Source Evaluation Panel (SEP) has completed the evaluation of the operational capability demonstrations of the three offerors who responded to this RFP.

The following explains where each offeror did not meet one or more mandatory requirements. The words underlined are the part(s) of the mandatory requirement that was not met.

Eastman Kodak

Interleaf, Inc.

1. C.2.b.3.(a), page 17 - Two page layout workstations capable of displaying two adjacent full pages (8-1/2x11") side by side on a WYSIWYG screen with an image reduction of no more than 50%. The screen size shall be at least 15" diagonally, have a resolution of at least 1024 x 768 pixels, display a full 8-1/2x11" page, and be easily read by users based upon 100% representation of 10-point type.
2. C.2.b.6.(j), page 21 - Automatically continuing tabular material too long for one page on following page(s), continuing title, boxhead, and column heads.
