Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION UNITS 1 AND 2
REVISION TO EMERGENCY PLAN IMPLEMENTING PROCEDURES

On May 25, 1999, Virginia Electric and Power Company submitted revisions to several North Anna Power Station Emergency Plan Implementing Procedures (EIPs). It has come to our attention that there was a typographical error in Step 10 of EIP 2.01. The error has been corrected. Please update your North Anna Power Station EIP manual with the enclosed corrected procedure. The revision does not implement actions that decrease the effectiveness of our Emergency Plan. The Emergency Plan and Implementing Procedures continue to meet the standards of 10 CFR 50.47(b).

Very truly yours,

W. R. Matthews

W. R. Matthews
Site Vice President

Commitments Stated or Implied: None.
