PRESERVICE INSPECTION PROGRAM REV. 4

Gentlemen:

Enclosed for your review are ten copies of the VEGP-2 PSI Program ISI-P-010, Revision 4. This revision incorporates editorial changes to Relief Requests 9, 17, 26 and 30. Relief Requests 24, 31, and 35 have been corrected due to comments received from an NDE Level III review during the preparation of the Final Report. The Final Report preparation also disclosed that some welds requiring relief were not listed in the Tables of Relief Requests 29, 34, 36, and 37. Relief Request 42 has been revised to reflect the visual examination that was performed as an alternate method. Relief Request 46, which has been added, was inadvertently omitted in our submittal of Revision 3.

If your staff should require additional information, please do not hesitate to contact me.

Sincerely,

J. A. Bailey
