License No. NPF-29
UFSAR Update Package

GNRO-98/00096

Gentlemen:

Pursuant to 10CFR50.71(e) Entergy Operations, Inc. (EOI) hereby submits one signed original and 10 copies of the Updated Final Safety Analysis Report (FSAR) for Grand Gulf Nuclear Station (GGNS). This submittal revises the updated FSAR to include changes required in accordance with 10CFR50.71(e) up to May 21, 1998. However, we would like to note that our review of the UFSAR for accuracy and completeness is continuing. Identified disparities are expected to be corrected prior to expiration of the enforcement discretion period.

Entergy Operations, Inc. is adopting on a trial basis, a process of updating the EOI controlled copies of the GGNS UFSAR between 10CFR50.71(e) required reporting periods. We believe this process will assist in balancing our manpower requirements for the UFSAR update efforts and maintain the information more current. We are also considering future submittals using an electronic process and contemplating more frequent updates to the Document Control Desk. We support the staff's initiative in revising the current regulations to allow this type of exchange.

In accordance with 10CFR50.71(e)(1), a list of effective pages is included to identify the current pages of the UFSAR. To facilitate the process of updating the UFSAR on a more frequent basis, GGNS will use unique Licensing Document Change numbers (e.g. LDC 97103) for replacement page identification rather than the previous practice of using a revision number (e.g., Rev. 10) to satisfy

the requirements of 10CFR50.71(e)(5). The use of the unique LDC numbers also provides a more effective method of researching the history and basis for the changes. Directions for inserting the replacement pages are also provided.

As required by 10CFR50.71(e), I hereby certify, to the best of my knowledge, information and belief, that the information provided in the attached updated FSAR accurately represents changes made since the previous submittal, necessary to reflect information and analyses submitted to the NRC or prepared pursuant to NRC requirement.

Should you have any questions, please contact this office.

Yours truly,

WAE/WBA/ams
