Director of Nuclear Material Safety and Safeguards  
U. S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Transfer of NRD Ionizers

Dear Director:

A Model P2001 ionizer containing 27mCi of Polonium-210 was returned to the manufacturer. The device was shipped to NRD Incorporated, 2937 Alt Boulevard, Grand Island, NY 14072 on January 27, 1998. The ionizer is not being replaced. This information is being provided per 10 CFR 31.5(c)(8).

Sincerely,

Rodney D. Cadanau  
Sr. Specialist, Occupational Safety and Health
